

**PROJECT: OFFICE LIGHTING IN CALCUTTA  
AMBUJA ECOSPACE OFFICE COMPLETELY LIGHTED WITH  
BINAY POWERLED RECESSED LUMINAIRES**

The pictures below are from an office location in Calcutta, which has been installed with BINAY model 600<sup>2</sup> (2'x2') PowerLED Recess Mount Luminaires, BINAY 6SR Series PowerLED Downlighters, and BINAY MR16 PowerLED Spotlights.

The performance of the installed luminaires has been evaluated and judged to be extremely effective. Adequate lux levels have been attained, and the luminaires have been designed with prismatic diffusers to minimise glare to users.

The use of BINAY low-power PowerLED Luminaires has been appreciated, in terms of achieving the same level of light energy at much lower power consumption.
